SOURCE CONTROL INTERN

\$18.21 HOURLY

Encina Wastewater Authority is a leader in waste resource management. Join us in our mission to reduce pollutants coming from industry and other sources in the community, and gain invaluable experience working directly with our team of environmental experts.

***1ST REVIEW OF APPLICATIONS THE WEEK OF 10/2**

EXAMPLES OF DUTIES:

- Assist with inspections and investigations.
- Assist in the review of wastewater discharge permits and filing of technical documents.
- Enter sample results in our data management system.
- Maintain, calibrate, and test field testing equipment.
- Attend public outreach events.
- Participate in EWA's programs with other public agencies that discharge into our collection system.

MINIMUM REQUIREMENTS :

- Enrollment in Bachelor's or Graduate degree program in physical, natural, or environmental science, engineering, or related.
- Time commitment of at least 10 hours per week.

HOW TO APPLY:

Download our application online at www.encinajpa.com and submit to jobs@encinajpa.com.
